This is a ground floor, corner apartment which has had modifications made. The utility room has been removed and a new, modern kitchen installed to incorporate it. The terrace has also been enclosed with glass curtains and refloored to make another room. The outside garden has been decked to provide some additional outside space. The apartment has 2 bedrooms and 1 bathroom, however an en/suite toilet room could be added if required. It is fully air/conditioned and also has central heating. There is an underground car parking space, which can also provide extra storage. The apartment is situated between 2 large communal swimming pools.
